About Rocketbots

Founded in Hong Kong in early 2017, Rocketbots provides communication solutions for enterprises using AI-powered Chatbots and an SaaS platform.

Role Description

Interns at Rocketbots bring questions and build answers. As an intern, you'll have the opportunity to work on projects core to our business, whether it be sales, human resources or marketing. Our internship exposes you to the technology industry, as well as provide opportunities for personal and professional development. From being challenged, to collaborating with a team, join our team to make and impact.

Responsibilities

- Responsibilities and detailed projects will be determined based on your educational background, interest and skills.

Minimum Qualifications

- Currently enrolled in a Bachelor's degree program

Preferred Qualifications

- Proven ability to multi-task and manage multiple projects at a time while paying attention to detail.
- Proactive, independent worker who is highly organized and interested in the difference they can make through their individual contribution.
- Good management of English

Business Area

We wish to connect with companies around Hong Kong and help them improve the relationship between their business and their customers. Our teams of engineers, designers, marketers and sales specialists collaborate closely to spot and analyze customer needs and trends. Together, we create chatbots tailored to their specific needs.
