About Rocketbots

Founded in Hong Kong in early 2017, Rocketbots is a Messaging CRM that provides businesses with the tools needed to chat with customers across several messaging apps.

Role Description

At Rocketbots, our Back-end Engineers are pivotal to our company's success. We are seeking a detailed-oriented individual that is ready to be part of our integrations back-end team, in charge of adding and maintaining API integrations to our partner's applications (WhatsApp, Facebook Messenger, Line, etc.). Your role will focus on code development, automation and testing to deliver quality, stable and secure integrations.

Responsibilities

- Developing integrations to partners APIs and regularly adding more features;
- Staying up-to-date with partner API changes, and informing product team when new features are made available or one is being deprecated;
- Deliver a complete and zero known-bug feature on time;
- Solve complex performance problems and architectural challenges;
- Keep abreast of new trends and best practices in web development;
- Coordinate with co-developers and keep CTO and team lead well informed of the status of development effort;
- Building reusable code for future use.

Qualifications

- University degree holder in Computer Science/ Software Engineering or equivalent;
- 3+ years relevant software experience;
- Track record of software testing and/or development projects;
- At least 2 years' experience in NodeJS development;
- Firm grasp of MySQL;
- Great at designing patterns and algorithms;
- Good understanding of Application Level Networking and component integration;
- Self-starter with the ability to work independently and able to work under pressure;
- Strong analytical and technical troubleshooting skills to isolate problem/defect areas;
- Good communication skills in English with an ability to clearly explain complex ideas verbally and in writing;
- Nimble and agile team player with the ability to thrive in a fast-paced startup environment.

What's in It for You?

- You will become part of an amazing culture with smart teammates who actually care
- You will grow more here than you would anywhere else, that is a promise
- Regular work gatherings and weekly team socials
- VERY Competitive compensation
- Health Insurance
- Stock options
