About Rocketbots

Founded in Hong Kong in early 2017, Rocketbots is a Messaging CRM that provides businesses with the tools needed to chat with customers across several messaging apps.

Role Description

At Rocketbots, our Back-end Engineers are pivotal to our company's success. We are seeking a detailed-oriented individual that is ready to lead a team of backend developers. Your role will focus on code development, automation and guiding junior team members to deliver quality, stable and secure web application.

Responsibilities

- Developing back-end side of features together with a team of Laravel developers which you will manage;
- Deliver a complete and zero known-bug feature on time;
- Guiding and checking your team in order to write efficient and organized code;
- Solve complex performance problems and architectural challenges;
- Integrating components developed by your team, merging pull requests;
- Keep abreast of new trends and best practices in web development;
- Coordinate with co-developers and keep CTO and team lead well informed of the status of development effort;
- Integration of user-facing elements developed by front-end developers;
- Building reusable code for future use.

Qualifications

- University degree holder in Computer Science/ Software Engineering or equivalent;
- 5+ years relevant software experience;
- Track record of software testing and/or development projects;
- At least 3 years' experience in Laravel development;
- Firm grasp of MySQL;
- Great at designing patterns and algorithms;
- Good understanding of Application Level Networking;
- Self-starter with the ability to work independently and able to work under pressure;
- Strong analytical and technical troubleshooting skills to isolate problem/defect areas;
- Good communication skills in English with an ability to clearly explain complex ideas verbally and in writing;
- Nimble and agile team player with the ability to thrive in a fast-paced startup environment.

What's in It for You?

- You will become part of an amazing culture with smart teammates who actually care
- You will grow more here than you would anywhere else, that is a promise
- Regular work gatherings and weekly team socials
- VERY Competitive compensation
- Health Insurance
- Stock options
